Dear Dr. Wheelon,

I would like to add a personal word of thanks for your splendid presentation to the Senior Seminar last Monday. For many of my colleagues, this was the first glimpse into the extraordinary missions and achievements of your Directorate. Your skillful briefing made an excellent impression.

I have found an enthusiastic reaction among my colleagues to the day's program and I'm confident that the visit will prove beneficial in creating a better understanding of the Agency's role and contributions.

With best wishes,
